# Localization DTP Specialist

online course

OVERVIEW

Learn the fundamentals of multilingual desktop publishing and how to format documents for different languages. Work with various scripts, fonts, and layout challenges while mastering industry tools like Microsoft Office and Adobe InDesign. Gain hands-on experience preparing, typesetting, and recreating files to ensure high-quality, localized designs.

CURRICULUM

SESSION 1

DTP BASICS

MAY 1

Learn the fundamentals of multilingual DTP, from handling different scripts to preparing project files. Explore writing systems like LTR, RTL, and CJK, understand font selection, and identify common layout challenges.

SESSION 2

MICROSOFT OFFICE

MAY 2

Learn to format multilingual documents in Microsoft Word and PowerPoint. Customize workspaces, adjust layouts for complex scripts, and troubleshoot common typesetting issues to ensure clarity and consistency across languages.

SESSION 3

ADOBE CREATIVE CLOUD

MAY 5

Get familiar with industry-standard DTP tools, including InDesign, Illustrator, and Photoshop. Learn how to set up efficient workspaces, navigate essential features, and prepare files for multilingual typesetting.

CURRICULUM

SESSION 4

INDESIGN BASICS

MAY 6

Learn how to set up and clean InDesign files for multilingual typesetting. Create and apply paragraph and character styles, structure layouts efficiently, and handle large-scale localization projects with ease.

SESSION 5

INDESIGN ADVANCED

MAY 7

Master text management in InDesign, from linking text frames to handling overflow and resizing for different languages. Learn how to work with images in multilingual layouts and maintain design consistency.

SESSION 6

PDF RECREATION

MAY 8

Learn how to recreate PDFs when source files are missing. Follow best practices for extracting content, formatting layouts, and ensuring accurate reproduction in InDesign while maintaining the original design integrity.

CURRICULUM

SESSION

7

FINAL PROJECT

MAY 9

Apply everything you've learned by completing a full multilingual typesetting project. Get feedback from the instructor, refine your work, and ensure your layouts meet professional localization standards.

LIVE COURSE

Join us for the first live cohort of the DTP course. Please review the following details before enrolling:

- The course runs from **May 1** to **May 9**

- This will be an interactive course delivered entirely **LIVE** over Zoom

- There are **7 sessions** total — every workday

- Each session will start at **6:00 pm CEST** time (9:00 am PDT)

- You'll get **2 hours** each day with your instructor Jaber

- We will **record** every session in case you can't make it

- Learn by doing with over **7 exercises**

- Limited spots available

- **Software requirement**: We'll use Adobe Creative Cloud's 7-day trial, which is free — but only if you haven't used it before. If you've already used the trial, you'll need your own Adobe Creative Cloud license to participate. One lesson also requires Microsoft Office.

The current price is **$297** per person, but act fast — the price will go up before the course starts.

To secure your spot in this course, simply click the *Enroll now* link on the next page. You'll be directed to Stripe, where you can complete your payment. Once your payment is processed, we'll contact you within 24 hours to confirm your participation.

If you're not satisfied with the course, you can cancel by the end of the second session (May 2) and get a *full refund*.

THANK YOU!

for considering our course
